School site reopening plan

2020 – 2021

Andrew P. Hill will offer in-person intervention for up to thirty (30) stable cohort of students needing extra support on a voluntary basis starting April 19, 2021. Students who access the on-campus opportunities need to meet specific criteria (as listed in the FAQ below) and be authorized in advance.

To help ensure your safety and the safety of all staff and students, all staff working on site will be required to get tested each week for COVID-19. Additionally, in order to participate in a stable cohort, a parent/guardian must complete and submit to the attendance office an opt-in letter before students can attend an in-person session.
