Did you know that you can get help on any page in Cyber High by clicking on the Help Bar at the bottom of the page?

MENU

Menu - Click to access five sub-menus referred to as Panels: Main, Resources, Courses, Reports, Management.

Home - Click to return to the main Cyber High Home Page.

Messages - View the status of exams, projects, and essays.

Chat Window - A teacher and a student may communicate with one another using chat text while in Cyber High. Students cannot chat with other students. The chat window is closed during an exam to prevent interruption or abuse.

Notifications - When clicked, a panel will display listing notifications for Calendar events, Messages, Chats, Ungraded Coursework, and potentially inappropriate project content or student collaborative comments.

Tutorial Video - Provides a video tutorial about the current screen.

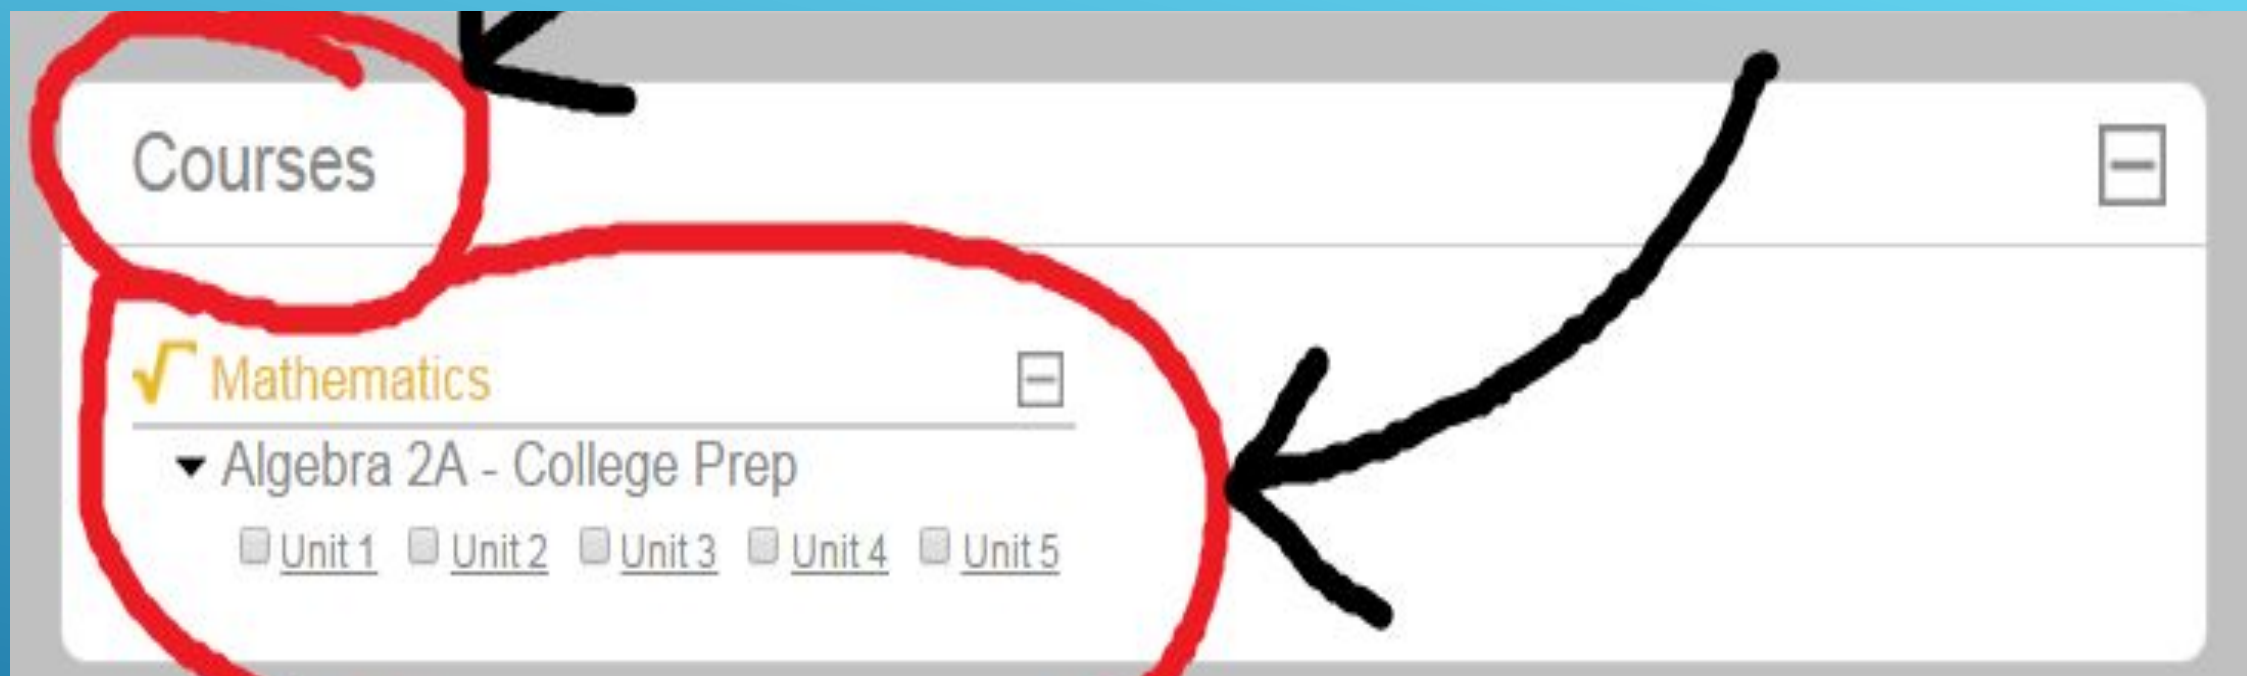

Problem Report - Report technical or curricular issues.

Help - When first clicked on a page, it will provide page-specific help. One can then click the Show link at the top of the Help window to either find by Index topics or search by term.

Logout - Logs user out of their Cyber High session and returns the user back to the Login screen.

Help! My Course Has Disappeared from My Courses Menu!

If you have not opened your course within 30 days, then it will be removed from your Courses Menu. Should this occur, ask your Cyber High teacher to re-approve the course for you and you can continue where you left off.

Progress Bar

- **Green**-On track
- **Yellow**-falling behind; need to catch up
- **Red**-extremely behind; at risk for not receiving credit
- 2 months to finish a course
